RANCH HAND HISTORY

Since 1986, Ranch Hand has become the #1 source for truck accessories. This family owned business is dedicated to growing the dealer/distributor business model and is committed to long-term relationships built on solid customer service. With more than 230 employees processing over 70,000 lbs of steel everyday, its easy to see why the state-of-the-art equipment and production processes in our manufacturing facilities enable us to build the highest quality truck accessories on the market, all proudly made in the USA. Ranch Hand's products are manufactured in our 195,000 SF Shiner plant and our newest 85,000 SF facility in Beeville, Texas (as of May 2013), and sold through our company owned stores, distributors, new truck dealerships, and Truck/SUV accessory dealers. Ranch Hand's reputation was built on rugged durability and has evolved into a heavy-duty product that is designed to enhance the style of the latest model trucks and SUVs as well as offering outstanding vehicle protection.

PRODUCT FACTS

Ranch Hand products are designed with the customer in mind and produced using superior materials to provide a premium product. Our super-polyester black powder coat finish is applied 5 mm thick and is baked on at 460° to prevent corrosion. Our one piece welded design which mounts to the vehicle frame ensures strength and durability, while our design and detailed instructions provide ease of installation.

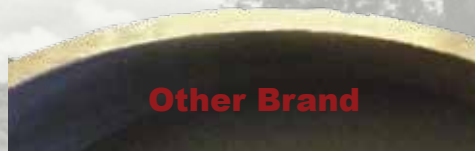

We provide a certificate of insurance for our dealers that many of our competitors cannot provide. This significantly reduces liability risks for dealers. Most importantly, Ranch Hand is a widely recognized brand name that is synonymous with quality and durability.

BRAND COMPARISON

The superior construction and materials in our products provide significant strength and protection for every customer. Many competitors will say “like a Ranch Hand.” While their product may be painted black or made of steel, there are many critical design features and materials that are incorporated into Ranch Hand products that make them the industry leader. Don’t settle for an imitation!

CUSTOM PUNCHED INSERTS

Ranch Hand is the first and only company that manufactures custom punched grille inserts to match the vehicle make and model.

No expanded metal used!

**BE ON
THE SAFE SIDE**

RANCH HAND PRODUCTS:

100% Made in the USA

Durable black powder coat finish

One piece welded design

Provides maximum protection

Grille inserts match factory grille pattern

Frame mounted for sturdy fit

No expanded metal

1 Year Full Warranty

Built for maximum strength

Most applications mount to existing holes in frame - no drilling required

FEATURES & ADVANTAGES OF RANCH HAND LEGEND FRONT BUMPERS

Standard receiver tube

Ability to keep factory tow hooks and fog lights on most models

Continuous upright strap to add strength and durability

Aesthetically attractive top Euro-Bar adding strength to the headlight loops

Most heavy duty product on the market

Optional rubber upright bumper pads

Optional winch mount for various winch sizes 8K-16.5K

Optional off road light brackets

FEATURES & ADVANTAGES OF SUMMIT FRONT BUMPERS

Patented hidden 2" receiver that can be added at any time (for most models)

40-50 lbs lighter than the Legend making it ideal for 1/2 ton trucks

Ability to keep factory tow hooks and fog lights on most models

Continuous upright strap to add strength and durability

Aesthetically attractive top Euro-bar adding strength to the head light loops

Optional rubber upright pads

Optional off road light brackets

FEATURES & ADVANTAGES OF LEGEND GRILLE GUARDS

12 gauge tubing from 1 5/16" diameter to 2" diameter

5/16" HRPO steel uprights

1 1/2" x 3/8" upright straps

Smooth curved design to conform to the front end of the specific vehicle

Continuous upright strap to add strength and durability

Headlight loop brace to add strength to headlight loop

Most designs allow keeping tow hooks

Aesthetically attractive top Euro-bar adding strength to the headlight loops

Most units mount to existing holes in the frame, no drilling holes required

Optional rubber upright bumper pads

LEGEND SERIES GRILLE GUARDS

GRILLE GUARD SPECIFICATIONS

- » One piece fully welded construction
- » Frame mounted, no drilling needed
- » Mounted in four locations for added strength & to eliminate vibration
- » Most applications maintain factory tow hooks
- » Black powder coat finish
- » 12 gauge tubing
- » 5/16" upright thickness
- » Punched grille inserts to match manufacturers' grille design
- » Options include hammertone finish and rubber upright pads

LEGEND SERIES

A heavy duty grille guard with curved loop design for maximum headlight protection. Punch plate style grille insert specifically designed to match the make & model of the vehicle. Frame mounted installation ensures superior strength.

Push bars are a fully welded one piece design which is frame mounted for superior strength. The predrilled light bar holds 2 or 4 lights depending on the make and model (allows up to 6" lights). The Push Bar Series offers front end protection without the grille guard style loops. Black powder coat finish with optional rubber upright pads available. Great for emergency vehicles.

LEGEND FRONT BUMPER REPLACEMENTS

FRONT BUMPER REPLACEMENT SPECIFICATIONS

- » One piece fully welded construction
- » Manufacturers' matched grille insert
- » Frame mounted
- » Mounted in four locations for added strength & to eliminate vibration
- » Most applications keep tow hooks & factory fog lights
- » 12 gauge tubing
- » 5/16" upright thickness
- » Options include hammertone finish & rubber upright pads
- » Punched grille inserts to match manufacturer grille design

LEGEND SERIES

The Legend Series Front Bumper Replacement is the toughest product on the market. The Legend front end comes standard with 4" schedule 40 pipe and a 2" receiver.

Optional patented H2R stays neatly hidden behind license plate. Works with most Summit Front Bumper and Summit Bullnose designs.

BULLNOSE FRONT BUMPERS

Ranch Hand's Bullnose bumper is tough and dependable. It is designed for the customer who wants the protection of a front end replacement without the grille guard. The Bullnose has "off road" rally styling with 12-gauge contoured skirts. Optional lighting is easy to install on the predrilled light mounts. The Bullnose is also offered in the Legend and Summit models, offering alternative styling to fit your application.

WINCH READY SPORT FRONT BUMPER

WINCH READY BULLNOSE

HORIZON SERIES

The Horizon Series is for the Jeep enthusiast who wants the strength and quality of Ranch Hand products but desires a sleeker, Jeep style finish. Front bumper, back bumper, and spare tire carrier manufactured from smooth metal with a matte black, hammertone finish. The front bumper is winch capable, offers fog light protection, pre-drilled light bar for off-road lights, built-in 2" receiver, and optional shackle brackets.

TRADITIONAL FRONT BUMPER

The Ranch Hand Jeep Bullnose Front Bumper Replacement is made of beefy 12 gauge diamond plate steel and a formed channel bumper for sturdy front protection. It comes standard with a black powder coat finish that helps resist chipping and provides superior rust protection, predrilled holes for mounting off-road lights, and a built in 2" receiver. Optional features include shackle brackets and a winch plate for mounting a number of Warn winches: XD9000, 9.5ti, 9.5si and the Powerplant HP.

TRADITIONAL BACK BUMPER

The Jeep Back Bumper is built to compliment the style of the Bullnose Front Bumper. It's made of formed channel and diamond plate and wraps around the body for sturdy protection. Features include back up lights, built in steps on the end caps, and convenient shackle bracket mounts. Shackle brackets optional.

BEDRAILS

Ranch Hand's Bed Rails are made of 3/16" smooth plate and painted with a glossy black powder coat finish and are contoured to protect the edge of the truck bed.

They are available as Short Rail, No Top Rail, and Full Top Rail, and are available in 6' or 8' lengths (except Short Rail). These products must be used with a Headache Rack or Hauler. Hammertone finish is an option.

RUNNING STEPS

Ranch Hand's Running Steps are the newest product family to hit the market! Built from high quality materials just like the rest of the Ranch Hand lineup, the running steps are offered in 4 step wheel to wheel or 6 step bed access sets. They are manufactured from 3" top pipe and 1.5" loop pipe and the oversized steps come in 8" to 18" combinations depending on the vehicle. The 12 gauge step plate is punched to match the factory grille pattern of the truck. Hammertone finish standard on Jeep running steps and optional for all trucks.

RUNNING STEPS: WHEEL TO WHEEL = 4 STEP SETS, BED ACCESS = 6 STEP SETS.

Limited Warranty:

Ranch Hand warrants all manufactured parts, furnished under this agreement, to be free from defects in workmanship and material for a period of one year from the date of purchase. This limited warranty covers the cost of the product. This limited warranty does not cover 1) installation, 2) labor, 3) freight, 4) normal wear and tear, 5) abuse, or 6) damage caused by collision. This limited warranty is void if the product shows signs of alteration, modification, misuse, mishandling, improper care, and/or neglect. Also, this limited warranty is void in the event of improper installation by anyone other than Ranch Hand. The liability of Ranch Hand under this warranty is limited, and Ranch Hand reserves the right to choose between repair of defective part or replacement with equivalent product. This limited warranty is conditioned upon (a) Ranch Hand being notified by Purchaser within one month after discovery of any defects, (b) the return of the defective product(s) to Ranch Hand within the limited warranty period; and (c) Ranch Hand's examination of such product(s) and its satisfaction that such defects were not caused by negligence, misuse, improper maintenance, accident, or unauthorized repair or alteration. The original limited warranty period of any product repaired or replaced by Ranch Hand shall not thereby be extended. During the warranty period, this limited warranty is fully transferable, for so long as the warranty is in place.

Return Policy:

Ranch Hand will honor any merchandise returned in original condition, which has not been installed, and is returned 30 days or less from date of invoice. All authorized returns may be subject to up to a 20% restocking fee.

Return Goods Authorization (RGA) number and Freight Carrier must be obtained from Ranch Hand prior to returning product. Returned goods shipped freight collect to Ranch Hand will be refused.

Return products listed on the RGA only. Any unauthorized return will be subject to a 40% restocking fee.

Freight Claims:

Ranch Hand shall not be responsible for any freight damage. Purchaser must file any freight claims with the shipper at time of delivery. If it is necessary to refuse shipment because of damage, you must notify Ranch Hand within 48 hrs.

Drop Shipments:

Ranch Hand will provide three (3) approved drop shipments per month at no additional cost. A handling fee of \$30.00 will be added to each approved drop shipment after the three (3) free drop shipments per month. Drop shipments must be shipped prepaid with Freight Charges billed on the invoice. A drop shipment is the direct responsibility of the company that places the order. If a Drop Shipment is refused for any reason, the merchandise will be either shipped on the next order the customer places or a 10% handling/re-stocking fee will be assessed. Drop ship orders will be accepted from open account customers only. Freight charges for any refused drop ship order is the sole responsibility of the customer placing the order and will be billed accordingly.

Rights Reserved:

Ranch Hand reserves the right to make changes in design, specifications, and material as deemed necessary without prior notice and without assuming obligation to modify any product previously manufactured.
